Microsoft Internet Explorer 11 (PC)

Detailed instructions to completely clear the cache for Internet Explorer 11. For Internet Explorer 10, check out the <u>Internet Explorer 10</u> page

Internet Explorer 11 on PC

Step 1

Click on the **gear wheel** in the top right corner.

Step 2

Click on Safety in the menu Print + File + Zoom (100%) + Safety + Add site to Start Screen View downloads Ctrl+J

Step 3

Click on Delete browsing history in the submenu

REFRESHYOURCACHE.COM			

Step 4

Step 5

Select Temporary Internet files and website files from the list

Step 6

On the bottom of the page the browser notifies you when the browser cache is cleared (just a notification that the process is complete, nothing for you to do in step 6)
